1776 TRADITION CÔTES DE BOURG

— VINTAGE 2020 —

Like the United States of America, our family traces its origins back to 1776.

To celebrate our 250th anniversary, we created a cuvée honoring Franco-American friendship through our Bordeaux winemaking heritage.

1776 Tradition is produced in exclusive partnership with Château de La Grave, located in Bourg.

The original design of this bottle was once manufactured by a glassworks located in Bourg, which disappeared during the Second World War.

We are proud to revive today this historic silhouette, emblematic of our heritage and tradition.
